

CHICAGOFORMAT 2011 EDITION

MASTER LIST OF THINGS TO DO WHILE YOU ARE AT CONSTRUCT 2011 IN
CHICAGO

The Construction Specifications Institute

NORTHERN ILLINOIS
chapter

INTRODUCTION

ChicagoFormat is a joint venture between the Chicago and the Northern Illinois chapters with assistance from the Chicago Regional Council of Carpenters. This guide is provided to the attendees of Construct 2011 to help them navigate the City of Chicago and enjoy their visit to the city.

The guide incorporates a master list of numbers and titles similar to MasterFormat™ so all CSI members should be familiar with the organization. As members of the Host Chapter we hope that this guide will enhance your stay and provide some suggestions of places to go and things to do in Chicago.

If you are unable to find the information that you are looking for please feel free to stop by the Host Chapter Booth at the convention floor where we will try to provide further assistance.

The information in this directory was assembled through input from the members of the chapter. The Chicago and the Northern Illinois chapters have not attempted to rate any of the venues or endorse them in any way but provide this information to offer choices to the attendees of the convention.

Don't let this guide limit you to the many things to do and see in Chicago. Here are a few websites with reviews and suggestions of the city's top restaurants and attractions.
